**Regarding Commitment for Compliance of following conditions of Environmental Clearance Letter Granted by
MOE & F, Govt. of India, New Delhi, Letter No. F. No. J-11011/196/2009- IA II (I) dated: 17 July, 2009.**

PERIOD OF COMPLIANCE : October, 2010 to March, 2011

A	Specific Conditions	Compliances status
(i)	All the hot gases from cement plant pre-heater and air-quenched coolers shall pass through waste heat recovery boiler (WHRB) and adequate air pollution control devices like electrostatic precipitator (ESP), bag filters etc. and stack of adequate height shall be provided to the cement plant to control particulate matter within 100 mg/Nm ³ .	All the hot gases from cement plant pre-heater and air-quenched coolers are passed through waste heat recovery boiler (WHRB). Existing ESPs, bag filters and stack height are adequate to maintain particulate matter within 100 mg/Nm ³ .
(ii)	As proposed, Total water requirement shall not exceed existing requirement after installation of waste heat recovery boiler (WHRB). No wastewater from the cement plant or WHRB shall be discharged outside the premises and 'zero' discharge shall be implemented.	Total water requirement has reduced after installation of waste heat recovery boiler (WHRB). No wastewater is generated from the cement plant. Waste water of WHRB is used for ash quenching in CPP.
(iii)	A copy of clearance letter shall be sent by the proponent to concerned Panchayat, Zila Parishad / Municipal Corporation, Urban Local Body and the local NGO, if any, from whom suggestions / representations, if any, were received while processing the proposal. The clearance letter shall also be put on the web site of the company by the proponent.	No suggestions / representations were received from concerned Panchayat, Zila Parishad / Municipal Corporation, Urban Local Body and the local NGO, during processing the proposal. Yes, we have displayed the clearance letter on our company website www.shreecement.in
(iv)	The project proponent shall upload the status of compliance of the stipulated environment clearance conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of the MOEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO ₂ , NO _x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the projects shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.	The status of compliance of the stipulated environment clearance conditions, including results of monitored data are uploaded on the company website & being submitted regularly to the Ministry and it's Regional office, SPCB & CPCB. Monitored data (ambient levels as well as stack emissions) are displayed near main gate regularly.
(v)	The project proponent shall also submit six monthly reports on the status of the compliance of the stipulated environmental conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MOEF, the respective Zonal Office of CPCB and the SPCB.	We are submitting herewith the compliance of the stipulated environmental conditions including results of monitored data.
(vi)	The environmental statement for each financial year ending 31 st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of environmental conditions and shall also be sent to the respective Regional Offices of the MOEF by e-mail.	Environmental statement for each financial year shall be submitted to State Pollution Control Board, put on the website of the company along with the status of compliance of environmental conditions and sent to the Regional Offices of the MOEF, Lucknow by e-mail.
